Summary

Dedicated and enthusiastic student pursuing a diploma in Full Stack Web Development with a passion for creating innovative and user-centric web applications. Proficient in front-end technologies like HTML, CSS, and JavaScript, as well as back-end frameworks such as Node.js and Express, I am eager to apply my skills in a real-world setting. With a strong foundation in database management and a keen eye for design, I am committed to delivering high-quality solutions that meet both user needs and business objectives. Seeking a challenging co-op opportunity to further enhance my skills and contribute to a dynamic development team.
